

Master Guide: Future Projections, Modal Auxiliaries & Career Roadmaps

Bahasa Inggris 1 • Pertemuan 4

BAB 1. EXPRESSING FUTURE INTENT IN SOFTWARE ENGINEERING

Differentiating **will + V1** (spontaneous commitment or future prediction) vs **be going to + V1** (prior plan or evidence-based projection). Example: *"Look at the memory leak; the container is going to crash!"* vs *"I will fix this bug right now."*
